Parameters .....	6
Detecting process.....	7

## Choose an action

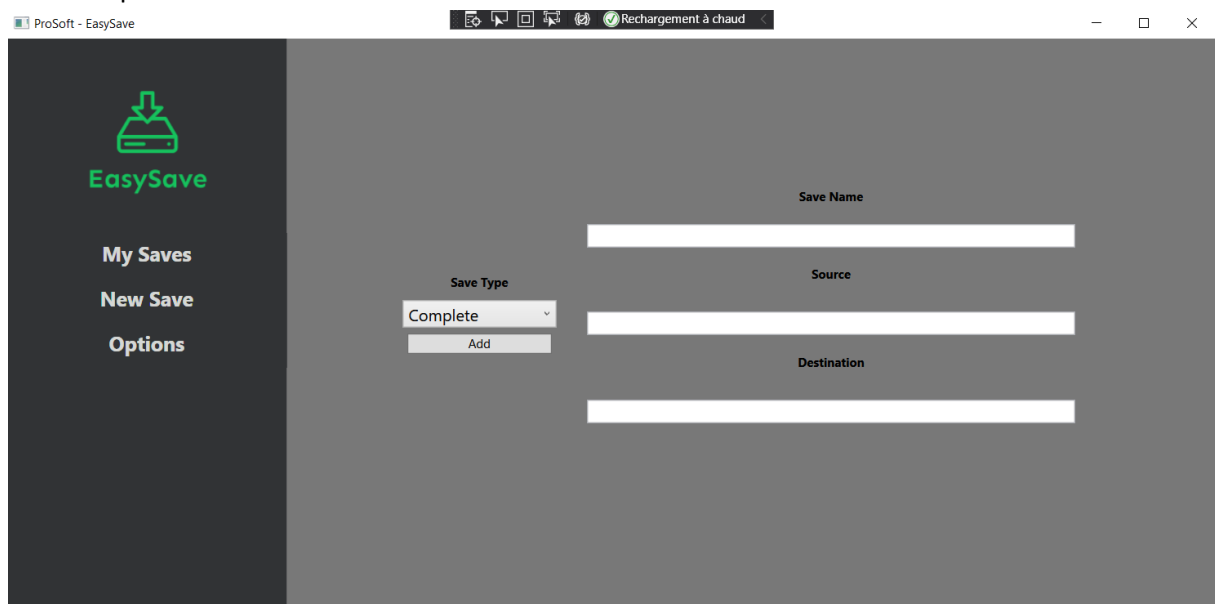

When you start the application, you can choose an action on the main menu

The screenshot shows the EasySave application window. On the left is a dark sidebar with the EasySave logo (a green icon of a box with a downward arrow) and three menu items: "My Saves", "New Save", and "Options". The main area is light gray and contains a form. The form has three input fields labeled "Save Name", "Source", and "Destination". To the left of these fields is a "Save Type" section with a dropdown menu currently set to "Complete" and an "Add" button below it. The window title bar shows "ProSoft - EasySave" and a tab labeled "Rechargement à chaud".

You can choose an option on the left of the screen and complete the different information to create a save

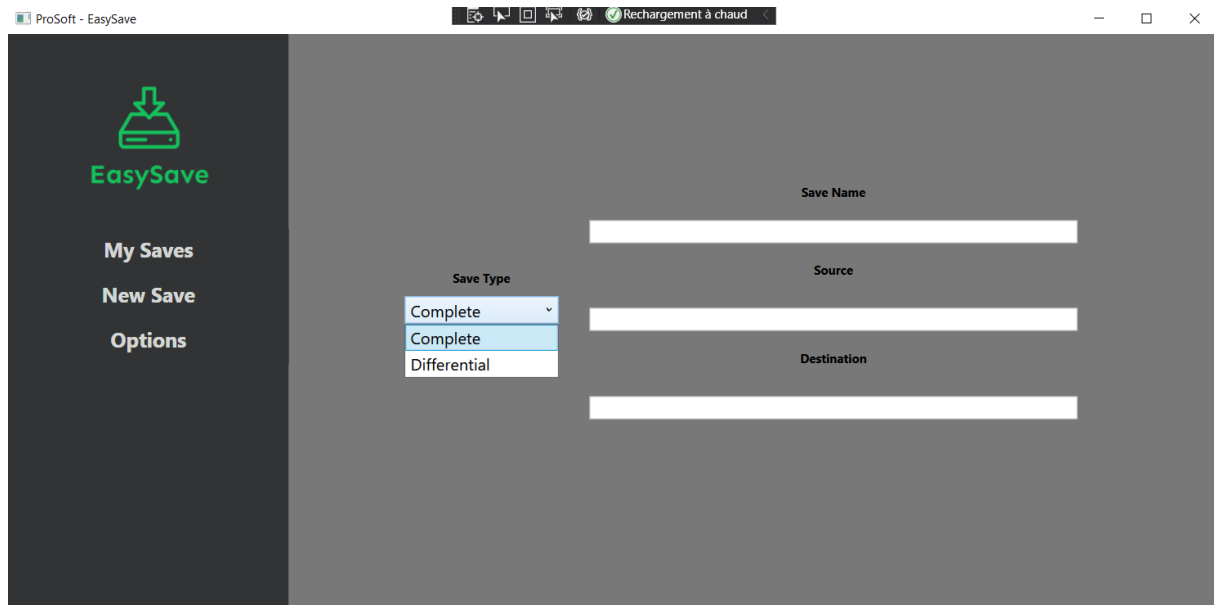

For example :

This screenshot is identical to the one above, showing the EasySave application window with the sidebar, form fields, and window title bar.

Click add to create your complete save

## Choose a type

The screenshot shows the 'EasySave' application window. The title bar indicates 'ProSoft - EasySave' and 'Rechargement à chaud'. The left sidebar contains the 'EasySave' logo and three menu items: 'My Saves', 'New Save', and 'Options'. The main area is titled 'New Save' and contains three input fields: 'Save Name', 'Source', and 'Destination'. A 'Save Type' dropdown menu is open, showing 'Complete' as the selected option, with 'Differential' as an alternative choice.
